Hi,

I am Alok K. Gupta, MD, FACS, President of American Association of Physicians of Indian Origin, Maryland Chapter (AAPI-MD). We are an organization of actively practicing physicians in Maryland from various specialties and subspecialties of Medicine & Surgery including Cardiology, GI, Oncology, General Surgery, Vascular Surgery etc. to name a few, working both in Community and Academic Settings. We have a very vibrant organization involved in various social and health activities including Free Health Camps, Blood Donation Drives, Cancer Walks and other such activities.

Every year, we have our Annual Dinner Night during late fall/early winter which is heavily attended by our members with attendance reaching up to 200. This event serves as a unique opportunity for companies and organizations like yours to advertise your product(s) to a large crowd of physicians. Our previous Annual Nights have had sponsors from companies like J&J, Pfizer, Merck, Abbvie etc. We think that it would be a great platform for you to bring your product out to this large group of physicians and surgeons.

This year's event is in Hilton BWI in Linthicum Heights, MD. The member invite and the event flyer are attached for your review. The event sponsorship levels are detailed in the sponsorship contract document. Diamond and Platinum level sponsors get a place in the flyer as well which is sent to all the members.

Please feel free to contact us with your level of interest and we would be happy to carry the discussion forward.

Thanks

Alok K. Gupta, MD FACS
President of American Association of Physicians of Indian Origin, Maryland Chapter (AAPI-MD)
